

HEALTH CARE COUNCIL *of Chicago*

The **Health Care Council of Chicago (HC3)** is an action-oriented collaborative that brings leaders from across the health care ecosystem together to solve the city's most important health-related issues.

HC3's pillars are pursued through the following activities:

Thought Leadership

HC3's blend of physical and digital events and programs nurtures ongoing engagement among its members through specially facilitated interactions. These proceedings showcase local and national experts, offer education, and spark innovative solutions to tackle local challenges.

Initiatives and Partnerships

HC3 coordinates strategic efforts and aids in special projects aimed at tackling specific health challenges at the local level. This involves bringing together a diverse mix of civic, community, and business leaders to address pressing health care issues. Through fostering a network of cooperative partnerships, HC3 links individuals across Chicago's ecosystem, promoting advancements and innovations that are key to elevating the city's health status.

Mission

HC3 harnesses the collective intelligence and resources of Chicago's health care leaders to drive meaningful change and positively influence the conditions that impact the health of our communities.

Vision

HC3 creates uncommon alignment throughout the city's ecosystem to strengthen the health and well-being of all Chicagoans.

2024 HC3 Membership

HC3's contributing member organizations represent a wide range of stakeholders from Chicago's health care sector. These members play a vital role in sustaining and enhancing HC3's programming, enabling the delivery of impactful initiatives that serve the community. By participating in our contributions structure, members not only support our critical work but also demonstrate a shared commitment to improving the health and well-being of the local population. Their sponsorship reflects a dedication to building a healthier, stronger Chicago and its surrounding areas while also helping to underwrite the activities that drive our mission forward.

HC3'S 2024 IMPACT: A LETTER FROM THE EXECUTIVE DIRECTOR OF HC3

HC3 Members and Partners,

As we begin 2025, I am filled with gratitude and pride as I reflect on all we accomplished together over the past year. 2024 was a year of remarkable momentum, growth, and unwavering dedication to building a healthier, more equitable Chicago. Despite the rapid societal changes and evolving challenges we faced, our collective efforts established a strong foundation for the work ahead.

At the heart of HC3's mission is our commitment to uplifting leaders and changemakers who are shaping a stronger, healthier Chicago. This vision came to life in 2024 through initiatives like the [HC3 Podcast](#), which featured 12 episodes highlighting the inspiring stories of civic leaders, trailblazers, and health and social service providers creating real impact in our communities. By sharing these narratives, we not only honored their incredible contributions but also sparked action toward greater equity and innovation.

Our contributions to [Community Pulse](#) — a CAN TV program spotlighting local leaders and organizations working to improve the health and well-being of Chicago — further amplified community voices. Presented by the Foxglove Alliance, a public health coalition supported by the Hektoen Institute of Medicine and Hektoen's Nurses and the Humanities in partnership with HC3, this program highlights the collective efforts of leaders and organizations breaking down barriers, fostering opportunities, and driving meaningful progress toward a more inclusive and healthier future.

We welcomed our first-ever [HC3 Manager](#), Eva Alonso, who has been instrumental in advancing our HFS Transformation Collaborative partnership with [PATH \(Pediatric Adolescent Transformative Healthcare\)](#). Eva's leadership and dedication have had a profound impact across our platform, and with this

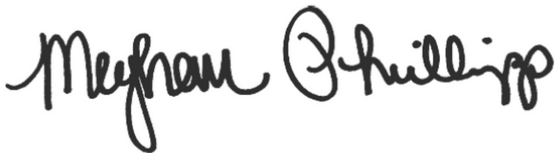

expanded capacity, we've been able to push boundaries and set the stage for even greater possibilities in the year ahead.

To showcase our collective progress and impact across the platform with members and community partners, I am thrilled to share [HC3's 2024 Impact Video](#). Much like a "Spotify Wrapped" for HC3, this video captures key highlights and showcases the incredible impact of our shared work. While it doesn't capture every contribution, it reflects the extraordinary power of our commitment to equity, inclusion, and innovation.

To our members, partners, and friends: *thank you*. Your support, collaboration, and engagement have been the driving forces behind HC3's success. As we look to the future, we acknowledge that uncertainties may continue to arise, but our collective resolve remains steadfast. At HC3, we understand that our work is far from finished. It remains essential to the health of Chicago and to realizing our shared vision of a brighter, more equitable future.

Thank you for being an integral part of this movement. Together, there is no limit to what we can achieve.

With gratitude,

Meghan Phillip, MBA
Executive Director, HC3 (Health Care Council of Chicago)
VP Community Impact, Third Horizon
